

Credit Name: CSE 2140 2nd Language Programming

Assignment Name: Digits

Error Log Entry

What error message did you encounter (if any)?

Quarters cannot be resolved to a variable

What unexpected behavior did your program exhibit?

didn't have one

What caused the issue? (e.g., syntax error, logic error, incorrect function usage, etc.)

i printed a variable before it was created

Include a screenshot of specific lines of code.

```
System.out.println("Quarters: " + Quarters);
```

```
System.out.print("enter the amount of cents you want to distribute: ");  
int Cents = input.nextInt();
```

```
int Quarters, Dimes, Nickles, Pennies;
```

How did you fix the issue?

i printed it after I created the variable

Provide the corrected code or solution using a screenshot.

```
int Quarters, Dimes, Nickles, Pennies;
```

```
Quarters = Cents / 25;
```

```
Cents = Cents % 25;
```

```
    Dimes = Cents / 10;
```

```
    Cents = Cents % 10;
```

```
    Nickles= Cents / 5;
```

```
    Cents = Cents % 5;
```

```
    Pennies = Cents;
```

```
System.out.println("Quarters: " + Quarters);
```

```
System.out.println("Dimes: " + Dimes);
```

```
System.out.println("Nickles: " + Nickles);
```

```
System.out.println("Pennies: " + Pennies);
```
