

Credit Name:CSE 2140 2nd Language Programming

Assignment Name: Grade

Error Log Entry

What error message did you encounter (if any)?

F cannot be resolved to a variable

What unexpected behavior did your program exhibit?

Printing the wrong letter

What caused the issue? (e.g., syntax error, logic error, incorrect function usage, etc.)

misplaced the numbers in my if statement

Include a screenshot of specific lines of code.

```
else {  
    Grade = F;
```

How did you fix the issue?

I asked Marcus why I was getting an error and he told me to use Parenthesis

Provide the corrected code or solution using a screenshot.

```
else {  
    Grade = "F";
```
